2.93%	17.18%	85.83%	0.31%	-0.59%

INVESTMENT OBJECTIVE

The fund seeks to maximise current income to meet liquidity and short-term needs whilst generating medium to long-term sustainable income and capital appreciation through investment in a portfolio of high quality fixed income securities, locally and internationally.

INVESTMENT APPROACH

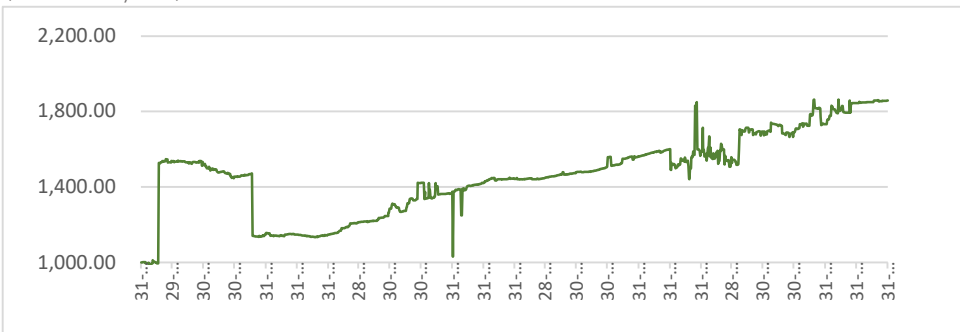

The fund invests primarily in well-diversified fixed income securities including, government treasury bills, notes, bonds, fully collateralised repurchase agreements, certificates of deposit, and other corporate debt securities. The investment approach focuses on generating potential risk-adjusted excess value by using active management driven by in-depth analysis and research. Up to 70% of fund's assets under management shall be invested in fixed income securities with the remainder maintained in money market and near cash assets.
